

WORLD OF RIFLES · ANKARA, TÜRKİYE

PRODUCT CATALOGUE

Hunting & sporting shotguns, 12 gauge and .410 bore.

— EDITION 2026

We left the talking to *steel* and the *field*.

WOR ARMS (World of Rifles) is a Turkish firearms brand based in Kahramankazan, Ankara. Our range covers lever-action, revolver, gas-operated and tactical shot-guns in 12 gauge and .410 bore, each one shaped by the same three ideas: dependable mechanics, honest materials and balanced handling.

From the forged steel receiver and select Turkish walnut of the Lever Action to the modern platforms of the Tactical series, every model is meant to be carried in the field and trusted in every shell. This catalogue presents the current collection with its main specifications for our distribution partners.

MECHANICS

Proven actions:
lever, revolver, gas
and inertia.

MATERIALS

Forged steel, Turkish
walnut, durable
polymers.

HANDLING

Balanced weight,
low recoil, close
control.

THE COLLECTION

Five models, one signature.
